Introduction

Håfa Adai!

The University of Guam Center for Excellence in Developmental Disabilities Education, Research, & Service (Guam CEDDERS) is proud to present the 2019 Guam Directory of Services for Individuals with Disabilities.

This Directory is a resource of services and information for individuals with disabilities in Guam. Our goal in producing this directory is to provide a guide for individuals with disabilities and their families to easily find and connect with service providers. The Directory includes listings and information in the areas of Medical & Health, Education & Training, Individual & Family Supports, Employment, and Housing & Transportation. We have also included a section on Emergency Preparedness with information on how to assemble a Disaster Supply Kit, as well as tips for typhoon, earthquake, hazardous materials, and tsunami readiness. Also included are tips on communicating with individuals with disabilities.

Because directory information quickly becomes outdated, we hope to update the Guam Directory of Services & Resources for Individuals with Disabilities at regular intervals. We welcome your additions and suggestions, so should you find inaccuracies or have information on new services and resources, please feel free to contact us at the numbers below and provide us with the updates.

We would like to thank all those who have contributed to the 2019 Guam Directory of Services & Resources for Individuals with Disabilities. We hope the Directory will be a valuable resource for our community.

Si Yu'os Ma'åse'

University of Guam CEDDERS

The Guam System for Assistive Technology (GSAT) held an Open House for the Accessible Model Home and Demonstration Center on July 28, 2018. The Model Home features various Assistive Technology (AT) devices, furniture, and appliances to help individuals with disabilities live independent lives. Among those that visited GSAT's Model Home were (sitting, L-R) Dallas Tajeron; Edward Mendiola; and Tom Manglona. (Standing, L-R) Jana Mendiola; Ben Servino, Department of Integrated Services for Individuals with Disabilities (DISID) Director; Sherolyn Guerrero, John Guiao, and Christina Jung, Guam CEDDERS; Marie Libria, Guam Developmental Disabilities Council (GDCC); Rosanne Ada, GDCC Executive Director; Leah Abelon, GSAT Center Coordinator, Guam CEDDERS; Barbara Johnson; and Kirsten Bamba, Guam Community College (GCC).

EMERGENCY PREPAREDNESS

Pripara Hao Pa'gu.

Emergency situations can happen at any time, and at any place. Whether natural or man-made, these emergency situations can result in damage to property and endanger the health and safety of the general public.

Guam regularly experiences natural disasters such as typhoons and earthquakes. Fires, flooding, and disasters from hazardous materials are other occurrences that may endanger you and your property.

Pripara hao.

Pripâra hao is a CHamoru phrase which means "get ready." Preparedness is the key to ensuring the safety and well-being of individuals, as well as the protection of property, during and after any type of disaster.

Preparedness planning is especially important for individuals with disabilities and special needs, who may require extra time and contingency plans to ensure their safety and well-being. By planning ahead, you will be able to act timely and ensure the safety of you and your family.

Prepare Basic Supplies

In the event of an emergency, you should be prepared to be self-sufficient for up to 7 days. Preparing and maintaining an emergency supply of essential items can help you ensure that you have adequate supplies to meet you and your family's needs until help arrives.

Basic emergency supplies include:

- One week supply of canned and dried food items
- Drinking water – at least one gallon per person per day
- Flashlights and extra batteries
- Battery operated radio
- First Aid kit
- Whistle
- 10 - 30 day supply of medications
- Toilet tissue and personal hygiene supplies
- Water for flushing toilet in the event water is shut off
- Trash bags, gloves, duct tape or masking tape, and plastic containers for storing items
- Chlorine bleach for sanitizing
- Propane stove and extra propane gas

Make a Plan

Emergency preparedness also means making a plan.

Your plan should:

- Designate a place to meet if you and your family are separated from each other.
- Pick a primary and alternate contact number for you and your family to call if you are separated from each other.
- Establish a buddy system with other family members, friends, neighbors, or co-workers, and develop a plan on how you can help each other.
- Share your plan and your emergency contact list with members in your buddy system.
- Make a plan on how to secure your house in case you are not home or you are otherwise unable to secure your home.
- Identify another place to go to in case you need to evacuate.
- Establish your primary and alternate evacuation routes.
- If you use mobility aids, plan on how to take them with you and how to store extra aids at your alternate shelter, if possible.

Prepare a GO-KIT (Disaster Supply Kit)

You should prepare a bag with your most essential items which you can grab if an emergency situation occurs, and you need to evacuate right away. Be sure the bag is not too heavy for you or someone to carry.

Your emergency go-kit should include:

- List of contact numbers
- Dried foods and bottled water
- Flashlight and extra batteries
- Whistle
- Small portable radio and extra batteries
- Basic toiletries and sanitary items
- Medications
- Important documents, including medical information

It is a good idea to:

- Place your bag near an entry or exit way so it can easily be carried out.
- Put reminder notices in your calendar or appointment book to check and replace items in your bag at least every 6 months.
- Let people in your buddy system know where your GO-KIT is located.

Yes! People with disabilities need to be more self-reliant in emergencies. Now, more than ever, individuals with disabilities need to take control of their own planning and preparation for the onset of possible emergencies.

Registering with your village mayor is very important if you need special supports in times of disaster. Advise your mayor of any special transportation/mobility needs, medical needs, or power needs for specialized equipment. Also, register with Guam Power Authority for any power lifeline requirements to keep critical medical equipment running.

You can take small steps every day to become better able to survive an emergency. Get informed, identify your resources, make a plan and create your GO-KIT.

If preparedness materials are not available in accessible format, make a request to the agency. The Americans with Disabilities Act entitles you to this accommodation.

Communicating with Individuals who are Deaf/Hard of Hearing in Emergency Situations

Deaf individuals are a diverse group and their communication needs will often vary. Below are some key considerations for communicating with deaf individuals in any circumstance:

1. Ask deaf individual preferred mode of communication.
2. Book appropriate service provider to match communication mode (e.g. sign language interpreter or CART).
3. Talk directly to the deaf individual.
4. Make sure you have deaf individual's full attention before talking.
5. Maintain eye contact while communicating.
6. Separate talk from doing. Example, show paperwork to patient before asking questions.
7. Speak at a normal volume. Shouting can make communication more difficult.
8. Make sure the room is well lit so that the deaf individual can see your face clearly.
9. Offer quiet room or area to minimize impact of background noise.
10. Use written notes or diagrams to assist.
11. Use gestures and facial expressions.
12. Keep checking to make sure there are no misunderstandings.

For more information, please visit www.nationaldeafcenter.org

These Communicating Tips were developed by The National Deaf Center on Postsecondary Outcomes (NDC) under a grant from the U.S. Department of Education, OSEP #HD326D160001. However, the contents do not necessarily represent the policy of the U.S. Department of Education, and you should not assume endorsement by the federal government. www.nationaldeafcenter.org

Emergency Preparedness

Prepare, Plan, and Pack

Emergency situations can happen at any time, and at any place. Whether natural or man-made, these emergency situations can result in damage to property and endanger the health and safety of the general public.

Guam regularly experiences natural disasters such as typhoons, earthquakes, and floods. Fires and disasters from hazardous materials are other occurrences that may endanger you and your property.

Prepare Basic Supplies

In the event of an emergency, you should be prepared to be self-sufficient for up to seven days. Preparing and maintaining an emergency supply of essential items can help ensure that you have adequate supplies to meet your and your family's needs until help arrives.

Basic emergency supplies include:

- One week supply of canned and dried food items
- Drinking water – at least one gallon per person per day
- Flashlights and extra batteries
- Battery operated radio
- First Aid kit
- Whistle
- 10 - 30 day supply of medications and medical supplies
- Toilet tissue and personal hygiene supplies
- Water for flushing toilet in the event water is shut off
- Trash bags, gloves, duct tape or masking tape, and plastic containers for storing items
- Chlorine bleach for sanitizing
- Propane stove and extra propane gas
- Cell Phone with charger, extra battery
- Can Opener (non-electric/manual)
- Roll up mat and blankets
- 3-day supply of change of clothes
- Sturdy shoes
- Lighter
- Formula (powder or liquid)
- Baby food
- Disposable diapers
- Change of clothes, bibs, blankets
- Baby soap, shampoo, powder, lotion and wipes
- Disposable gloves/Hand sanitizer
- Favorite toy, blanket, stuffed animal or books
- Paper products (plates, spoons, forks, and paper towels)

Checklist for Persons with Disabilities

In the event of a major disaster such as typhoon or earthquake, it is recommended that you assemble the following items to help get through the challenges that occur during and immediately after emergency situations:

☐ **A one week food supply**

- Ready-to-eat food
- Non-perishable foods
- Special diet needs
- Food for service animals

☐ **Non-electric can opener**

☐ **Adequate supply of drinking water**

☐ **One gallon of water per day per person for sanitation**

☐ **Several flashlights**

☐ **Portable radio**

☐ **Extra batteries for flashlights and radio**

☐ **Ten-day supply of medicines**

☐ **Instructions for use of the medicines**

- Dosage, frequency, doctor's name, phone number

☐ **First Aid Kit**

☐ **Smart Phone and Charger**

☐ **Full tank of gas for vehicle**

Other important items to have on hand:

☐ **Eye glasses, hearing aids, mobility aids**

☐ **Extra blankets**

☐ **Toilet paper, paper towels, paper plates, personal hygiene supplies, hand sanitizer**

☐ **One gallon of chlorine bleach and medicine dropper**
(To sterilize water and food preparation areas for germ control)

☐ **Duct tape**

☐ **Garbage bags, closeable containers, & gloves**

☐ **Extra cash on hand as banks may be closed and ATMs inoperable for a number of days**

☐ **Important documents should be stored in watertight and fireproof containers**

Pripåra Hao

EMERGENCY PREPAREDNESS

Special Planning Tips

- ☐ **Conduct an “Ability Self-Assessment”**
 - Identify what you can do and what you need assistance with
- ☐ **Develop a buddy system with family, friends, neighbors, co-workers, or other individuals who may help you plan. Plan how you will help each other in an emergency.**
- ☐ **Consider speaking with your village Mayor regarding your special needs during emergencies.**
- ☐ **Give copies of your written emergency plan to people in your personal support network.**
- ☐ **Make a list of emergency contacts.**
- ☐ **Document important life saving information and keep it in your “Go-Kit.”**
 - Don’t forget to keep it updated.**
 - Special medical information
 - Special equipment you use for communication, daily living, mobility
 - Medical providers - doctor, pharmacy, health insurance company
 - If you have a difficult time communicating orally, keep a “communication book” to help you exchange information as needed
- ☐ **Reduce hazards in your home.**
 - Secure medical equipment, appliances, bookcases.
 - Remove unsecured objects from the exterior of your home.
 - Know the location of your electrical box, gas valve, and water valve and how to turn them off.
 - Plan two exit routes if you need to leave your house immediately.
- ☐ **Contact the Guam Power Authority, Guam Waterworks Authority, and telephone companies to inform them of your special needs to expedite reconnection of utility services.**

TYPHOON SAFETY TIPS

GUAM TYPHOON CONDITIONS

Condition of Readiness IV (COR 4): Guam is always in Condition IV. A typhoon may develop and hit the island within 72 hours.

Condition of Readiness III (COR 3): A typhoon may possibly hit the island within 48 hours.

Condition of Readiness II (COR 2): A typhoon is expected to hit the island within 24 hours.

Condition of Readiness I (COR 1): A typhoon is expected to hit the island within 12 hours.

“During Condition of Readiness I, only emergency traffic should be on the roads. Closure of public transportation will begin with Condition of Readiness I.”

Indoor Preparations

- Secure all important documents in a ziploc bag.
- Cover all beds and other items with plastic to protect from water seeping in around windows/doors.
- Pack matches (consider using child-proof lighters), toilet paper and other things you must keep dry in a ziploc bag.
- Store large items in closets.
- Roll carpets up and away from doors; arrange flashlights, lanterns, candles, and lighters in places where they can be easily found.
- When, or if the power goes out, unplug all appliances to prevent damage from a power surge when power is restored.
- Ensure all cooking stove controls are in the off position.

Outside Preparations

- Tie down tin-covered roof extensions.
- Secure all loose items such as garbage can lids, empty drums, gardening tools, and any other materials that could become airborne during high winds.
- Take down all lawn umbrellas and temporary canopies.
- Secure plywood or typhoon shutters on windows and have extra plywood/shutters on hand; wind-thrown debris and wind pressure can break windows.
- Secure or waterproof window air conditioners.
- Fuel your car; gas stations may be closed after the storm.
- Ensure the main gas valve is shut off.
- Stay indoors until Condition of Readiness IV (COR 4) is declared.

TYPHOON SAFETY TIPS

Evacuation Preparations

- Listen to/Watch the local media for news & updates.
- Cooperate with local officials directing evacuation routes.
- If you do not have any transportation, make arrangements with relatives, friends, or your local village Mayor's Office. Wear protective clothing and sturdy shoes.
- Gather water, food, clothing, and emergency supplies.
- Secure your house by placing boards or shutters on all windows/doors.
- Unplug appliances.
- Turn off gas valves.
- Turn off the main water valve.
- Follow recommended evacuation routes.
- Don't take shortcuts! They may be blocked.
- If you use public transportation, plan ahead. Service discontinues with the setting of Condition of Readiness I (COR 1). Make sure you have time to return to shelter.

Post Typhoon Preparations

- Remain in your shelter, until informed by local authorities that it is safe to leave.
- Keep tuned to local radio or television stations for advice and instructions from the local government.
- Stay away from disaster areas. Sightseers should not interrupt crucial rescue and recovery work.
- Drive only when necessary and be especially careful. Streets will be filled with debris and downed lines/trees.
- Avoid loose or dangling power wires and report them immediately to local officials.
- Report broken sewer or water mains.
- Prevent fires. Local water pressure may be low, making fire fighting more difficult.
- Check refrigerated food for spoilage.
- Stay away from river banks until all potential flooding has passed.

EARTHQUAKE SAFETY TIPS

Preparations

- Repair defective electrical wiring, gas leaks, and inflexible utility connections.
- Bolt down water heaters and propane gas tanks.
- Know where and how to shut off electricity, gas, and water at main switches/valves.
- Place large or heavy objects on lower shelves.
- Securely fasten shelves to walls; brace or anchor high or top-heavy objects.
- Store bottled food, glass, china and other breakables on lower shelves.
- Anchor overhead lighting fixtures solidly in place.
- Check and repair deep plaster cracks in ceilings and foundations.
- Hold occasional earthquake drills so each member of your family knows what to do.
- Develop a family plan for reuniting after an earthquake.
- Review insurance policy to determine coverage for earthquake damage.

What to do

During an earthquake, keep calm panic can kill!

If you are indoors:

- Get under a sturdy piece of furniture (desk or table) or doorway.
- Stay clear of windows and exterior doors.

If you are outside:

- Get to an open area/space away from buildings, trees, utility wires/poles.

If you are in the car:

- Stop the car but stay inside.
- Do not stop on a bridge, under a tree, utility wires/poles, or a sign.

In bed:

- Use pillow or blanket to protect head.

Standing:

- Drop, sit down, cover head/neck.

Using wheelchair:

- Go into doorway, cover head/neck.

Trapped:

- Cover mouth, tap on wall/pipe.

After the earthquake:

- Stay vigilant!
- Do not enter partially collapsed or damaged buildings.
- Report structural damage to local officials.
- Avoid exposed electrical wiring (indoors or outdoors).

EARTHQUAKE SAFETY TIPS

Preparations

- Repair defective electrical wiring, gas leaks, and inflexible utility connections.

- Anchor overhead lighting fixtures solidly in place.
- Check and repair deep plaster cracks in ceilings and foundations.
- Hold occasional earthquake drills so each member of your family knows what to do.
- Develop a family plan for reuniting after an earthquake.
- Review insurance policy to determine coverage for earthquake damage.

What to do

During an earthquake, keep calm... panic can kill!

If you are indoors:

- Get under a sturdy piece of furniture (desk or table) or doorway.
- Stay clear of windows and exterior doors.

If you are outside:

- Get to an open area/space away from buildings, trees, utility wires/poles.

If you are in the car:

- Stop the car but stay inside.
- Do not stop on a bridge, under a tree, utility wires/poles, or a sign.

In bed:

- Use pillow or blanket to protect head.

Standing:

- Drop, sit down, cover head/neck.

Using wheelchair:

- Go into doorway, cover head/neck.

Trapped:

- Cover mouth, tap on wall/pipe.

After the earthquake:

- Stay vigilant!
- Do not enter partially collapsed or damaged buildings.
- Report structural damage to local officials.
- Avoid exposed electrical wiring (indoors or outdoors).

HAZARDOUS MATERIALS INCIDENT SAFETY TIPS

Evacuation

- Immediately move to a location designated by public officials when directed.
- Take your family GO-KIT (Disaster Supply Kit).
- Take only essential items.
- Shut off water, gas, and electricity to your home.
- Do not go to your children's school, unless directed by public officials, who will coordinate special care for your children.
- Leave a sign on your door stating that your house has been evacuated.
- Keep your car windows and vents closed.

Protect Your Breathing

- Cover your mouth and nose with a damp cloth.
- Take frequent shallow breaths.
- Stay calm-do not panic.

Suspected Substances and Packages

If you suspect a letter or package that you have opened may contain questionable or hazardous materials, take the following actions:

- Cover suspected packages or substances with cloth or plastic.
- Evacuate immediate area.
- Wash your hands with soap and water.
- Call 911 Emergency.
- Do not further handle letter or package.

Spills & Contamination

- Learn about hazardous materials in your area.
- Alert the authorities. Call 911.
- Move away from a release or spill.
- Stay away from contaminated individuals.
- Follow water and food usage instructions.
- If direct contact, follow directions for decontamination of yourself & auxiliary aids like walkers & wheelchairs.
- See doctor for unusual symptoms.
- Remove clothing and take a shower.

TSUNAMI SAFETY TIPS

What to do

- If you are in school, follow the advice of teachers and other school personnel.
- If you are at home, ensure your entire family is aware of the warning.
- Evacuate your house if you live in a low-lying area.
- Follow the advice of local emergency and law enforcement authorities.
- If you are at the beach, and you feel the earth shake, move immediately to higher ground; DO NOT wait for the tsunami warning to be announced.
- Stay away from rivers that lead to the ocean.
- Do not go to the shoreline to watch for a tsunami; when you can see the wave, it is too late to escape.
- If you are on a boat, do not return to port; tsunamis can cause rapid changes in water level and unpredictable dangerous currents in harbors/ports.
- Stay away from the area until local authorities say it is safe.
- **Please note:** If the roads leading to your staging area are blocked with fallen debris or power poles, seek higher ground within your village.

Shelter in Place

- If outdoors, go inside your home or building.
- Protect yourself inside, close all windows and doors.
- Tape cracks for extra protection.
- Close all cooling vents or ventilation systems.
- Use the above systems for internal recirculation of air only.
- Move to central interior area of home or building.
- Stay inside and monitor radio and television announcements for official messages.

These recommendations and suggestions are intended to improve both natural and man-made disaster preparedness, response, and recovery. The contents are meant to improve your readiness capability but do not guarantee the safety of any individual, structure, or facility in a disaster situation. Neither Guam CEDDERS, the United States, the Island of Guam nor the Office of Civil Defense assumes liability for any injury, death, or property damage that results from any disasters.

THE FLAME TREE FREEDOM CENTER

**Fundamental Life Applications to Motivate and Empower through Training,
Rehabilitation, Education and Employment**

Flame Tree Freedom Center strives to provide direct delivery of educational, vocational, rehabilitation and residential programs with the aim toward reintegration into the community. Our consumers often have unique needs that vary significantly. FTFC has identified several areas that are critical to independent living within the community, and can provide the supports necessary to help develop independent living skills.

Enhance Your Quality Of Life Through Assistive Technology!

GSAT Services/Programs

GSAT Demonstration & Resource Center

GSAT is a center, available to the community, where visitors can visit, learn, and make an informative decision in selecting the best AT to meet their needs.

- AT Device Demonstrations
- Equipment Displays
- Annual Assistive Technology Conference & Fair

AT Device 30-day Lending Library

The GSAT center allows the community an opportunity to test and actually try any device available at the center. In addition, items can be taken home, to school, or even to the workplace for a 30-day period, free of charge.

- Information and Referral
- Training on AT Devices & Software
- Database Library of Products & Services

AT Recycling & Equipment Exchange

GSAT, with the help of community partners, attempts to repair and refurbish old or used AT devices which are later available to the community for purchase.

- Collection of used AT equipment
- Listing of AT devices for sale or exchange

Alternative Funding Programs

GSAT's loan programs provide the community a means to purchase AT or pursue home-based employment.

- Low interest rates and flexible payment terms
- No credit history required

Call or Visit GSAT!

University of Guam

NOTES

[illegible]

Education & Training

The Education & Training section provides contact information for child care facilities, Guam's public schools, colleges and universities, and specialized programs for children and adults.

Americans With Disabilities Act (ADA) Accommodation Services

Services:

The University offers reasonable accommodations for a student who is otherwise qualified, if the accommodation is reasonable, effective and will not alter the fundamental aspect of a University program, nor will otherwise impose an undue hardship of the University, and/or there are not equivalent alternatives. Students are expected to make timely requests for accommodation. If appropriate, the University may choose to consult with such individuals at or outside the University to provide expertise needed to evaluate the request for accommodation.

Reasonable Accommodations Available:

- Letters to Professors
- Student Support Services
- Library Assistance
- Note Takers
- Book Readers
- Bookshare / AccessText
- Network Services

Other Accommodations:

- Preferred seating at the front of the class or near exits
- Additional time not to exceed double the time by the Professor for tests/exams
- Class lecture outline and/or power point presentation, if available
- A distraction-reduced room for testing
- Excused absences for medical appointments, hospitalization or respite related to disability
- Course substitutions

Academic Support Center/Tutors:

Undergraduate students with disabilities may use existing tutorial labs and services, which are available to all undergraduate students by the:

- TRIO Programs in English & Mathematics
- English Lab
- Math Lab

Sign Language Interpreters

We're Growing!

HunterSpeaks Organization Autism Center

HunterSpeaks Organization offers evidence based therapy for individuals with autism and related disorders in a variety of settings: center, home, and community.

ABA is proven to be the most effective method of teaching children on the spectrum, and has been endorsed by the Surgeon General, the American Academy of Pediatrics, and the Association for Science in Autism Research.

Our compassionate staff receives extensive training to ensure your child gets the personalized and effective treatment they need to develop age appropriate language, social and independent living skills.

Become a Registered Behavior Technician (RBT)

<https://www.facebook.com/hunterspeaksorg>

Center Features

- Early Learners Group
- Social Skills Group
- One-on-one therapy
- Potty training
- Structured, distraction-free environment
- All clinical programs supervised by a board certified behavior analyst

Early Learners Group

Designed specifically for children who are almost, but not quite, ready for a traditional classroom setting. The Early Learners Group offers opportunities for your child to learn:

- Ready-to-learn skills
- Self-Care skills
- Social skills
- Peer interaction
- Group learning skills
- Pretend play
- Play/recreation skills
- Daily living skills
- Classroom readiness

Office of Accommodative Services (OAS)

About OAS:

The Office of Accommodative Services provides assistance to individuals with disabilities seeking educational opportunities with Guam Community College. Our office is committed to ensuring that students with disabilities are afforded an equal opportunity to access the educational programs and services that GCC has to offer, and to providing reasonable accommodations, adequate to the needs of an individual's disability within a classroom setting, while maintaining the level of academic standards required in all courses and programs at Guam Community College.

Services Provided

1. Reasonable accommodations for the classroom and the campus, based on your disability.
2. Auxiliary aids for students who are in need of a sign language interpreter, note taker, e-books, etc.
3. Assistance with the registration process and other needs concerning enrollment and student issues.

Understand...

I am a person !
~~with mental illness.~~

These are my rights!

I deserve...

- To be treated with Decency and Respect;
- To have Integrity of Mind and Body;
- To have Decent and Prompt Treatment and Medication;
- To have Decent Living Conditions;
- To have access to Legal and Medical Counsel to protect my rights;
- To be able to Refuse to be put to Work while admitted in a Mental Hospital;
- To have Uncensored Communication;
- To be able to Refuse to be Involuntarily locked up;
- To keep my Personal Possessions;
- To be able to Refuse to be part of Research or Experimentation;
- To be Protected against Defamation of my Character;
- To have an Alternative to being Committed to a mental hospital;
- To express my opinion on the best interests of myself and my children;

GUMA' MAMI, INC.

Guma' Mami is a nonprofit community-based organization dedicated to providing supports and services to individuals with disabilities on Guam. The organization was formed in 1980s by a group of family members of individuals with disabilities, professionals in the disability field, and concerned community members to address the critical community needs of supportive housing and case management services for individuals with disabilities. Since then, Guma' Mami has been advocating for development and expansion of services for individuals with disabilities. Current programs include:

Hinanao-ta (Our Journey) Program at the Independent Group Home

Provides 24 hour supportive services in a group home setting in the community. Individuals participate in activities to support transitions into homes of their own. Funded by the Guam Behavioral Health and Wellness Center (GBH&WC).

Mary Clare Home

This home provides 24 hour supportive services that assist individuals to transition into homes of their own.

Women In Solidarity with Hope

This is an educational support group for women with disabilities who are survivors of abuse.

Sagan Mami Resource and Drop In Center offers four (4) program components:

•Enrichment Center (8am-5pm)

Utilizing the Substance Abuse and Mental Health Services Administration (SAMHSA) Eight Dimensions of Wellness, the Enrichment Center offers resources and individual and/or group activities for individuals with serious mental illness or those with co-occurring disabilities of serious mental illness and substance abuse disorder to develop a recovery and wellness lifestyle.

•Peer Support/Mentorship Training

With the premise that people who have faced, endured and overcame challenges can offer useful encouragement, hope, support and mentorship to others facing similar situations, Sagan Mami's Certified Peer Specialists offer trainings, supports and mentorship to individuals with serious mental illness, including those with co-occurring serious mental illness and substance abuse disorders, to develop positive life skills to cope with life's challenges in the road to recovery and healing.

•Supported Employment Program

The Supported Employment Program prepares individuals with serious mental illness to compete in the competitive job market while actively participating in treatment at Guam Behavioral Health and Wellness Center.

•Drop-In Center (5pm-9pm)

Utilizing the International Program for Clubhouse Development concept, Sagan Mami Drop-In Center offers adult individuals with serious mental illness, including those with co-occurring serious mental illness and substance use disorders, who are homeless or at imminent risk of homelessness, a safe haven, an accepting place for anyone in need of support, advocacy and self-empowerment on their recovery journey. The program offers peer support, recreational, social, and life skills activities, as well as referrals for needed services in the community.

A Support Group for Individuals with Autism Spectrum Disorders and their Families

Our mission is to promote family, education and community partnerships which are accepted and respected as beneficial for everyone - the child, the family and the schools - in order to ensure a successful and supported education, community awareness and participation.

ACT helps individuals and families living with Autism Spectrum Disorders (ASD) by providing:

- An atmosphere of increased awareness and acceptance of individuals with ASD;
- Support to individuals, their parents or caregivers and families living with ASD;
- Assistance in finding information, referrals to community resources; help navigating their way;
- Training, workshops, information on topics that help individuals & families living with ASD;
- Advocacy for effective services and unique needs of individuals and families living with ASD;
- Family Fun events and activities to bring our families together.

Are You Carrying a Child With Down Syndrome?

DOWN
SYNDROME
ASSOCIATION OF
GUAM

If your doctor has said your baby may have Down Syndrome, you have many reasons to be sad, depressed or scared.

Having a baby is hard enough, but having a baby with Down Syndrome can be overwhelming.

We know. We've been there. We're doing it.

We're the Down Syndrome Association of Guam

We're a group of parents who have children with Down Syndrome and we know the difficulties and joys of caring for a child with Down Syndrome on Guam.

If you are expecting a child with Down syndrome, we have information for you that can help you give your baby a chance at a great life.

CALL US:

Juan & Vicky Arriola 472-6114

Josie & Vince Guerrero 888-5792

Helen & Mike Middlebrooks 477-6706

Joe & Nacrina Mendiola 789-7610

David and Maruxa Atienza 789-9887

Chris Walke and Kerry Cutting 734-9633

For more information, visit www.downsyndromeguam.org

Down Syndrome Facts

- Down Syndrome is the most common genetic disease. Approximately 1 in every 1000 babies is born with Down syndrome.
- Down Syndrome is also called Trisomy 21 because the condition occurs when there are three 21st chromosomes in the cells of the body.
- Down Syndrome is a developmental disability. Having an extra chromosome in each cell changes the way the cell, and the whole body works. It changes the way a person can use the information around him, which makes learning a challenge for children with the condition.

With proper help early in life, children with Down Syndrome can learn and can contribute to the community in meaningful ways.

The group uses the Minnesota Smoking Prevention Program to discourage tobacco use among adolescents, as well as deal with peer pressure and make appropriate decisions to abstain from alcohol and drug use.

The Ten Commandments of Communicating With People With Disabilities

I. Speak directly.

Speak directly to the individual with a disability rather than through a companion or sign language interpreter who may be present.

II. Offer to shake hands when introduced.

People with limited hand use or an artificial limb can usually shake hands and offering the left hand is an acceptable greeting.

III. Always identify yourself and others who may be with you when meeting someone with a visual disability.

Then conversing in a group, remember to identify the person to whom you are speaking. When dining with a friend who has a visual disability, ask if you can describe what is on his or her plate.

IV. If you offer assistance, wait until the offer is accepted.

Then listen or ask for instructions.

V. Treat adults as adults.

Address people with disabilities by their first names only when extending that same familiarity to all others. Never patronize people in wheelchairs by patting them on the head or shoulder.

VI. Do not lean against or hang on someone's wheelchair.

Bear in mind that people with disabilities treat their chairs as extensions of their bodies. And so do people with guide dogs and help dogs. Never distract a work animal from their job without the owner's permission.

VII. Listen attentively when talking with people who have difficulty speaking and wait for them to finish.

If necessary, ask short questions that require short answers, or a nod of the head. Never pretend to understand; instead repeat what you have understood and allow the person to respond.

VIII. Place yourself at eye level when speaking with someone in a wheelchair or on crutches.

IX. Tap a person who has a hearing disability on the shoulder or wave your hand to get his or her attention.

Look directly at the person and speak clearly, slowly, and expressively to establish if the person can read your lips. If so, try to face the light source and keep hands, cigarettes and food away from your mouth when speaking. If a person is wearing a hearing aid, don't assume that they have the ability to discriminate your speaking voice. Never shout at a person. Just speak in a normal tone of voice.

X. Relax.

Don't be embarrassed if you happen to use common expressions, such as "See you later" or "Did you hear about this?" that seem to relate to a person's disability.

Employment

The Employment section covers areas such as job placement, job coaches, and employment training.

DEPARTMENT OF INTEGRATED SERVICES FOR INDIVIDUALS WITH DISABILITIES (DISID)

DISID serves as a public service to coordinate and provide vocational rehabilitation and comprehensive community services for eligible individuals with disabilities. There are two divisions within DISID: the Division of Vocational Rehabilitation (DVR) and the Division of Support Services (DSS).

<http://www.disid.guam.gov>
238 Archbishop Flores St., DNA Building
Suite 702, Hagåtña, Guam 96910
(671) 475-4646 (VT),
(671) 477-2892 (F)

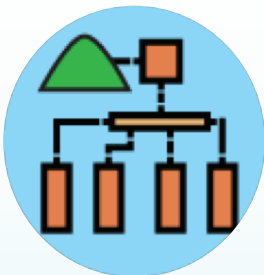

DIVISION OF VOCATIONAL REHABILITATION (DVR)

The Division of Vocational Rehabilitation (DVR) provides:

- 1) Vocational Rehabilitation (VR) Program Services
- 2) Supported Employment (SE) Program Services
- 3) Independent Living (IL) Program Services, and Independent Living Older Blind (ILOB) Services for eligible Individuals with Disabilities.

Suite 602, Hagåtña, Guam 96910
(671) 475-5735/38 (VT)
(671) 475-4661 (F)

DIVISION OF SUPPORT SERVICES (DSS)

The Division of Support Services (DSS) is responsible for the development of a community service delivery system which includes the design, implementation, administration, case management, coordination, research, monitoring and evaluation of programs and services for persons with disabilities. DSS also provides support to Individuals with Disabilities that are applying for housing assistance through the Guam Housing and Urban Renewal Authority (GHURA) and the Guam Housing Corporation (GHC); or transportation services through the Guam Regional Transit Authority (GRTA); and other support services including Guam Behavioral Health and Wellness Center and the Department of Public Health & Social Services.

Guam CEDDERS and the University of Guam do not assume any liability resulting from errors or omissions. Inclusion or omission of a service provider is not a comment on its quality. Likewise, inclusion of a service provider or business in this directory does not constitute endorsement or recommendations of their products or services.

Produced with 100% funding support from the U.S. Department of Health & Human Services, Administration on Developmental Disabilities, Grant No. 90DDUC0064-01-00 and facilitated by the University of Guam Center for Excellence in Developmental Disabilities Education, Research, and Service (Guam CEDDERS).

The University of Guam is an equal opportunity employer and provider.

“It is best to try all possibilities, than not try at all.
Possibilities are endless.”

- Lourdes Bascon Mendiola, Parent Advocate and son David
